About Us

Since 2016, **Driven Luxury** has provided luxury transportation services in Miami and the surrounding area. We are proud to offer our clients a high-end transportation option that goes beyond the offerings of a Black Car Service. Our vehicles are beautiful and well-maintained, and our services are as reliable as they are enjoyable.

Whether you need a lift to or from the airport or a cruise around town to explore the nightlife, **Driven Luxury** is happy to accommodate you. We will bring the luxury vehicle and the five-star service, and you will tell us where you want to go and when. We're pleased to work with you for less than an hour, driving you to one or two locations – or all evening. We give our clients the flexibility to build a service that works for them, and we look forward to sharing our expertise with you.
